Help Wanted

I need help with this newsletter. Please let me know if you can help with articles, pictures, poetry, hints or have any other ideas to improve the newsletter.

DO YOU WANT TO MAKE \$1,000 THIS SUMMER???

This is a great opportunity.....don't pass it by.....call me as soon as possible!

It is that time of year to start thinking about the summer employment program. Every student in this program will have the opportunity to work for a 6 week period this summer making approximately \$8.00 an hour. You can even pick where you would like to work...the only stipulation is that the place you choose has to match your career goal. Let me know where you would like to work, and I will contact the sponsor to see if they are interested in the summer work experience program.

Here are some interesting facts about the Titanic.

The ship was loaded with only enough lifeboats to hold half of the passengers.

Some of the lifeboats were lowered to the waters only half-full

Each first class passenger paid a whopping \$4,350 for a parlor suite ticket (that would be \$86,000 in today's money)

Of the 1523 people that died, only 306 bodies were recovered

The largest percentage of survivors came from first class passengers

It took three years to fully construct the ship

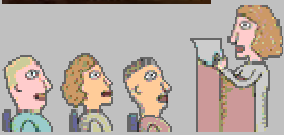

In 1985, the first pictures of the wreck were taken

Only a couple more months until graduation and summer vacation. Can you believe it? This month your check will be \$_____. Keep up the good work.

ATTN: SENIORS....You may still have money left in your clothing or car repair accounts. It is very important that you use it before graduation. Please contact me to see if you are one of the lucky ones!

The Last Song –Based on novel by Nicholas Sparks

MOVIE REVIEW

Kim's "NOT a Lecture" Lecture!

©T. McCracken mchumor.com

Thanks to the students that attended the Life Skills Class... It was an enjoyable afternoon! I hope to see more students involved in these activities. Especially memorable was seeing Michael in his pink shirt and tie!

The last song is set in a small, quiet Southern beach town where an estranged father gets a change to spend the summer with his reluctant teenage daughter, who'd rather be home in New York. He tries to reconnect with her through the only thing they have in common-music-and both teach each other what it means to be a family. A great movie!

Are You Listening?

You are a wonderful person and your parents think the world of you. It will not be long before you leave home and make a life of your own. Here is some friendly advice. Please read slowly and think about each comment.

1. Never Despise Yourself-You are great and capable of achieving great things so believe in yourself. When things go badly never stop believing.
2. Never Get Obsessed with your Appearance- Please be happy with the person you are and the body you have. Eat sensibly, exercise and be healthy.
3. Never Live Beyond Your Means- Throughout life try to keep your spending at a minimum and save a little. If you can live within your means you will avoid all sorts of problems.
4. Never compromise your personal safety- Never put yourself at serious risk. This means that you cannot trust people until you really know them and that sometimes you have to avoid things that look like they might be fun.
5. Never give less than your best- Be proud of what you have accomplished so far. Keep trying your hardest at everything you do....no one can ask for more than that.
6. Never forget that your parents love you- Whatever happens in life, your family will still be your family. They will always be there for you!

Hope everyone had a great Easter!
